

### ABOUT THE GUARDIAN ELITE

The Guardian Elite Surface Mounted LED Scene light is a 7x9 sized fixture that produces equivalent light output to fixtures advertised as 20,000 lumens, and is backed by a lifetime warranty.

The Guardian Elite LED Scene light uses angled circuit boards and optics to illuminate three distinct lighting zones; immediately down the side of the body, general purpose work area, and long distance projection.

#### Key Features:

- Industry Standard Bolt Pattern
- Multiple Output Options
- Hardware Never Contacts the Lens

### THE GUARDIAN ELITE

#### Includes:

- Light Fixture
- Gasket
- Chrome Bezel
- Isolating Mount
- Installation Hardware

#### FT-GESM SPECS
