

GUARDIAN® WARNING LIGHT

CRACK-FREE CORNER DESIGN

Screws never come in contact with corner plastic, preventing cracking and moisture intrusion.

NITTO TEMISH VENT & ALUMINUM HEAT SYNC

The Nitto TEMISH Vent allows moisture to vent ensuring no unwanted condensation or water droplets trapped in the lens and the heat sync keeps the fixture from overheating.

THE ULTIMATE AMBULANCE WARNING LIGHT

After many years of requests, we're excited to unveil the ultimate ambulance warning light system! These fixtures are super durable and are the only fixtures in their class to feature a full sized aluminum heat sync. We know from our background in the fire space that overheated circuitry is the number one killer of LEDs in public safety vehicles and moisture intrusion is a close runner up. With the FireTech® Guardian Series of warning lights, you can rest assured we've got both areas covered, and if we're wrong we will replace the fixture with our industry-leading advance exchange lifetime warranty.

DIMENSIONS

PART#: FT-GSM-WN-**

DIMENSIONS	8.65" x 10.62" x 1.91"
WEIGHT	4.4 LBS.
BEZEL	CHROME
INPUT VOLTAGE DC	11-32V DC
CERTIFICATIONS	SAE J595 CLASS 1; SAE J578
IP RATING	IP 68/69K
VIBRATION RATING	21 Grms
LED COLOR OPTIONS	RED, BLUE, AMBER, WHITE, RED & BLUE, RED & AMBER, RED & WHITE, BLUE & AMBER, BLUE & WHITE, AMBER & WHITE
