## ABOUT THE 7 LED WORK AND AREA LIGHT

The FT-WL-3500 Work light is a fundamental workhorse product of the FireTech line. Introduced in 2011, it's shown itself to have a track record like no other. The WL-3500 is the first of its kind to offer the user a "2016 NFPA 1901 compliant" LED waterway lighting package for less than \$500. The WL-3500 is used in applications such as hose bed and work area lights, to tracking and tip lights, just to name a few. The WL-3500 is available with a variety of optic configurations and in a white or black housing. Like all HiViz LEDs "FireTech" Products, the WL-3500 features our industry-leading limited LIFETIME Warranty.
