

We are a quickly growing company that is seeking a motivated and detail-oriented Staff Accountant to join our finance team. We are a company that serves first responders and are passionate about our purpose. We are looking for someone who loves accounting and gets a rush when they see a bank reconciliations balance out to the penny. If you are a wizard with journal entires and get nerdy about a spreadsheet, we want you!

What winning looks like:

- Recording daily transactions, including purchases, expenses, revenues, and payments
- Invoicing clients, processing payments, and reconciling accounts
- Ensuring all transactions are accurately recorded in the ERP system
- Monitor and track expenses, ensuring compliance with company policies and procedures

The skills you will need to win:

- Bachelor's degree in related field or experience in bookkeeping
- Strong understanding of basic accounting principals
- Excellent attention to detail and organizational skills
- Proficiency in Microsoft Excel

Why join us:

- It's important for us to help you reach the goals you strive for, we provide opportunities for professional growth and development
- We love our people and provide a culture that embraces innovation and new ideas
- We offer generous paid time off
- We offer health, dental, vision, life and disability benefits that begin on start date

If you love our first responder community and want to do work that fuels our purpose, we are the fit for you.
